## **MESSAGE**

It is a matter of great pleasure and satisfaction that Dr.K.C.G. Verghese Charitable Foundation has come up with yet another issue of its Newsletter – 2023. I believe that the Newsletter will serve as a window showcasing its service activities that were carried out in 2022 and make it known to the entire world.

Nurtured every year through a team of Trustees, faculty and students of Hindustan Group of Institutions, Dr.K.C.G. Verghese Charitable Foundation, a beacon reflective of its vision “Care, Concern and Compassion” is literally touching everyone's life through its undaunted services through Medical help, Scholarship, Community Services and so on.

Its quest for bettering its reach to the needy and the economically downtrodden is characterized by increasing its provision year after year.

God has selected us and entrusted us with a vision that can be useful to others and to light other's world. Dr.K.C.G. Verghese Charitable Foundation in the yester years have been contributing to the Society at large to the people knocking at its door for Scholarship, education, medical treatment, donation of medical equipments and services to the Society by construction of building for the terminally ill patients, churches, to the NGOs engaged in the upliftment of poor children & women.

I feel the magnitude of our action has the potential to carve our names in the hearts of the people and that's the greatest blessings of the Almighty showered upon us.

Lets do it together and bring a ray of hope and enlighten everyone's lives.

God bless us all!

**Dr. Mrs. Elizabeth Verghese**

# REMEMBERING OUR VISIONARY LEADER LATE **DR. K.C.G. VERGHESE** (CHAIRMAN, HGI) ON HIS MEMORIAL DAY

## Drive Your Dreams

Dr. M.S. Ananth, Director of the Indian Institute of Technology, Madras, during his visit to Hindustan College of Engineering, advised me to write my autobiography. At first I did not take this seriously, but later I began to feel that penning down my experiences could be of some use to posterity. I had never maintained a diary and it took me a great deal of effort to recollect and record long-forgotten events.

I have charted a lonely course in pursuit of excellence in all my endeavors. God has been merciful, and time and again I have received encouragement to advance further. My efforts in the field of education, particularly technical education, have borne fruit and today the Hindustan Group is one of the largest and most sought after institutions in India. Similarly, in the field of Civil Aviation my contribution is by no means trivial. The Orient Flight School at Pondicherry, which turns out hundreds of world-class pilots every year, is a testimony to my passion for flying.

This book recounts my interactions with many great men, includes interesting anecdotes from my life and my childhood reminiscences and traces the birth and growth of the Hindustan Group of institutions. It is an abridged account of what I have been able to achieve in the short span of my life.

I owe a great debt of gratitude to God Almighty for having given me this precious life and all the wonderful people around me who made me what I am.
